Shane Demler Masonry
P.O. Box 232
Newton, UT 84327

To Whom It May Concern:

As a General Contractor in the Northern Utah region, Bailey Construction has had the opportunity to work with a number of subcontractors. Demler Masonry has been a subcontractor of Bailey Construction over the past 10 years, supplying labor and materials.

We have worked together on many projects, including: DWS Logan Employment Center, Logan River Academy, Whitaker Construction Office Building, Wellsville 4th Ward Stake Center, and the Garland Historical Tabernacle Renovation. Each of these projects was completed with an excellent level of quality and workmanship.

Demler Masonry is an excellent subcontractor to work with, and we look forward to our continued relationship.

Respectfully,

Tracy L. Bailey, President
